

Accelerating your AI with Better Data

At SmartOne, we understand the critical role high-quality data plays in AI and machine learning. We specialize in delivering comprehensive data training services, to ensure your AI models are powered by accurately labeled data across various types, including audio, text, video, images, lidar, VR, AR, and more.

Why SmartOne?

- 12+ years supporting AI teams' data training needs
- 1.5+ billion data points processed, a testament to our vast and varied capabilities.
- 95+% minimum quality with free re-annotations if standards are not met.
- 1,200 full-time, in-house trained annotators with an industry-leading <1.8% turnover

Our SMARTer Approach:

- Specialized Teams: Custom-trained teams focusing on your unique data needs.
- Managed Process: Custom workflows with dedicated project managers and a unique PTS process.
- Adaptive Learning: Continuously evolving with clients for superior outcomes.
- Rigorous Quality Control: A steadfast commitment to excellence, with every project under stringent scrutiny.
- Transparent Pricing: Competitive, clear, and upfront costs. No surprises, just value.

Flexible, Transparent Pricing:

No minimums. Start small, scale as needed. We provide transparent, affordable pricing, ensuring you get value and flexibility to meet your objectives.

Protecting Your Valuable Data

All projects are completed in our purpose-built facility which offers unparalleled visibility and control over your data, ensuring it's handled with the utmost care and in compliance with global standards. Your data's integrity and confidentiality are our top priority.

- Fully secured facilities with 24/7 service and robust infrastructure.
- Adherence to SOC2, ISO 27001, and GDPR standards

Data Training Services

- Expertise in Image, Video, Audio, and Text data annotation services.
- Specialized in Natural Language Processing, Audio Annotation, Text Categorization, and Computer Vision.

Industries We Serve

Education, Healthcare, Agriculture, eCommerce, Autonomous Vehicles, Security & Maintenance, Logistics, Press & Media and more.

Sample Use Cases

- Classification for Advanced AI Models.
- Reinforcement Learning from Human Feedback (RLHF).
- Emotion Detection and Large Language Model Fine-Tuning.
- Sentiment Analysis and Audio Data Collection.
- Generative AI Content Creation, and more.

Workforce As A Service

Offering a wide range of services including Data Extraction, Multilingual Translations, Content Moderation, and Custom Task Solutions.

Accelerating your AI with Better Data

With SmartOne.ai, your projects contribute to a broader mission of sustainable, responsible AI development that uplifts communities and sets new standards for the industry.

Our Ethos

- True partnership and collaborative growth.
- Starting every project with a Proof of Concept.
- Commitment to ethical AI and quality-first approach.
- Platform agnostic to adapt to your specific needs.
- Embracing and excelling in challenging projects.

Making a Difference

At SmartOne, we believe business can drive profound social change. We place environmental and social considerations at the core of our operations, striving to create a positive ripple effect wherever we set foot. Whether it's reducing carbon footprints or championing local initiatives, our goal is clear: to be a beacon of sustainable and socially responsible business practices.

Together, let's shape a future where AI isn't just smart; it's wise, ethical, and a force for positive change. Welcome to SmartOne.ai - where intelligence meets integrity.

Why Choose SmartOne?

- Tailored Proof of Concept approach.
- Transparent and realistic project insights.
- Deep collaborative and problem-solving approach.
- Commitment to transparency and ethical practices.

Partner with SmartOne Today!

- Experience the difference with our tailored POC.
- Enjoy a risk-free opportunity to assess our capabilities.
- We are flexible and responsive to keep you agile.

"SmartOne is for me the best data labeling company in the world!"

– **BR, Co-Founder & President**

"SmartOne has been a cornerstone for the success of our computer vision solution, thanks to their high-quality image annotation services. It is always a pleasure to work with them; thanks to the flexible, professional team members who are responsive for our ever-changing needs."

– **Omer Sedes, R&D Director**

Proud Clients

We have experience working specifically with firms like yours, across multiple industries, and use cases:

جامعة الملك عبد الله
للعلوم والتقنية
King Abdullah University of
Science and Technology
