
HOW SONY PICTURES MODERNIZED THEIR NETWORK FOR TODAY'S BUSINESS LANDSCAPE

Introduction

Micah Bartell

Executive Director, Global Network Architecture

Sony Pictures Entertainment, Inc

- Co-Author "BGP Design and Implementation", Cisco Press
- CCIE #5069

Sony Pictures Entertainment, Inc

Sony Pictures Entertainment is a division of Sony Corporation, a creative entertainment company built on a solid foundation of technology. Along with our sister companies, we make the movies, television, music, and games that engage billions of people, connecting creators and audiences around the globe.

Initial State and Challenges

Solution Considerations
